KIDS SERVING KIDS SEEKS VOLUNTEERS

As Kids Serving Kids continues to expand throughout the nation and in several countries, the founding chapter in Broward County is looking for new volunteer leaders to replace those who are heading off to college.

The non-profit organization collects used racquets and distributes them to junior players who do not have the financial means to buy racquets. For more information, visit www.KidsServingKids.com or e-mail Danielle Aguiar at danielle@danielleaguiar.com.

The Broward chapter helped launch chapters in Los Angeles and Puerto Rico. Virginia and Seattle chapters are in the works and there have been inquiries for Hilton Head, S.C.

The new Broward group would take over the maintenance of the bins (collection, etc), establish new drop off, hold the annual Plantation Green Day fund raiser, work with the Delray Beach for their ITF "Raise a Racket" program and possibly be involved in the Sony Ericsson Open with First Serve.
